Do you know another organization with business system issues?

It's true for any business-the absolute best new business prospects are referrals from current customers. As a customer, you know what we can do better than anyone. So we would be especially honored if you sent a referral our way. Please take a moment to think of another organization that could benefit from Microsoft Dynamics GP or CRM and our services and then email Christine. And thank you sincerely in advance for the recommendation.

Solutions eNewsletter

September 2011

Dear Christine,

It's hard to believe that a few weeks ago it was "Back to School". Why is it that summer seems to go by so quickly? While going back to school might be an exciting thought for parents, I am sure your children dread it. But one fun aspect of going back to school is getting new supplies and clothes.

Even though we do not get a summer off of work, you can make it just as much fun to finish the summer by getting some much needed new supplies for your organization. Start making your list of the office supplies, software, and hardware that could really give your business a boost. Share the list with others. Have a Fall BBQ at your office, enjoy the last few days of warm weather, and make it a fun and exciting way to get everyone excited to wrap up the summer and get ready for the fall.

We hope that you are enjoying some time with friends, family, and co-workers!

Sincerely,

Christine Strukel

Migrating from Microsoft FRx to Management Reporter - A Must Read

You may have heard great things about Management Reporter for Dynamics® GP and are now evaluating a move from Microsoft FRx. As with any technology shift it can be very exciting, but there are sometimes a few bumps in the road. Fortunately, Microsoft has been kind enough to post on their [Dynamics Corporate Performance Management blog](#) some information about this migration and what top 5 support calls are, along with the solutions. Before you migrate, be informed about these common issues that have come up for many others so that your transition will be a smooth one.

If you would like more information regarding Management Reporter and how it would work in your company or would like assistance with a migration please contact us at 517-323-7500 or at info@manersolutions.com.

CRM Tip of the Day

Easy way to update CRM records using Excel, [click here to learn how](#)

Fun Fact

In a study sponsored by the American council on Exercise, they found that a weighted hula hoop can provide a great workout, burning about as many calories in a minute as step aerobics. Prefer to jump rope? You can burn about 175 calories in 15 minutes jumping rope. It's time to get out your kid's jump rope and hula hoops!

Microsoft Dynamics GP - Into the Future

Wondering what's coming up for Microsoft Dynamics GP? Here are some video presentations to guide you through the [roadmap](#), the [vision](#) and highlights of recently released [Microsoft Dynamics GP 2010 R2](#). As you'll see there are some great new innovations on their way.

Would you like more details on these innovations and how they might work for you? Give us a call at (517) 323-7500 or send an email to cstrukel@manersolutions.com to arrange an assessment.

SharePoint Makes for Easy Document Saving

How many times have you meant to post that Microsoft Word proposal you were working on to the company SharePoint Library? My guess is probably quite a few times. You always think that you will just save it locally for now and then upload it later. One of the lesser known features of the Microsoft office 2010 and SharePoint 2010 integration is the ability to connect a library to Microsoft Office. This means that you can open documents right from the office application you are working in or save the file without having to do a two-step process. [Click here for additional information.](#)
